Answer Sheet

Notes: Snakes and ladders

6 to 8

Solutions

- 1 You are on 13.
- 2 5 and 3.
- 3 For example:
3, 6, 4 and 2;
6, 5, 3 and 2;
5, 1, 4 and 2.

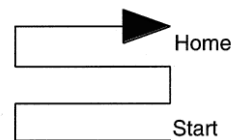

Extensions

Encourage children to suggest other things to try, such as:

Can you get home in exactly 3 rolls, or exactly 5 rolls?

What if you go up the snakes and down the ladders?

What if you leave the snakes and ladders where they are but number the board like this?

Children can also design their own boards to investigate.

Count on using small numbers
Make predictions
