Name: _____

Gold coins

You need some 'gold coins'
(counters or dried beans will do)

The pirates have 19 gold coins.

- 1 They put the 19 coins into 3 piles.
The first pile had 3 less than the middle pile.
The last pile had 1 more than the middle pile.
How many coins in each pile?
- 2 They put their 19 coins in boxes.
Some boxes had 5 coins in each.
All the others had 3 coins in each.
How many boxes did they use?
